### Prattonia 2002

Four years ago we came here knowing that this is where we wanted to be: the galleries, the big city, the diversity and a school that could enable us to realize our future.

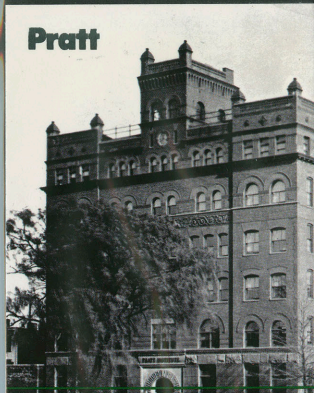

So here we stand. Maybe not on the pedestal that we sought after, but none the less, we are all here. The Prattonia staff hopes that these pages spark memories of your time at Pratt: friends that you made, teachers that you loved and a school that you called home.

My best memory at Pratt is from my freshman year, 3:00am on a Monday morning. Half awake my best friend and I were leaving the studio to find a winter-scape outside. We spent the an hour building a mound of snow and a jump, and preceded to ski until daylight

Years of the most excitement, sadness, motivation, pain, education, and mental liberation. Friends I shared these with, and those who hurt me the most, taught me the most. We're all family. Thank you all for the impact you never knew you had on me.

How everybody take a look at me. I've got great credibility. I may not have a job but I have a good time with the boys. I met down on the line. I don't need you. So you don't approve? Well, who asked you? I ain't never gonna work, get down in the dirt. I choose to cruise.

New job words of wisdom: If you ever feel in over your head just remember to take a deep breath before entering the situation. Success is not a matter of chance, it's industrial design.

Life is a mystery. Everyone must stand alone, I hear you call my name And it feels like home!

Pratt provided me with a good sample of the best of the melting pot. I will take with me every friend I met and cared for. I wish them lots of success. I would like to honor my parents, grandparents and brothers whom efforts and support allow me to become who I am!

Who would have known a ghetto girl from Brooklyn would not only have a bachelors degree, but also a Masters Degree. I enjoyed my two years at Pratt and who knows, maybe in ten years I will have my Ph.D. I want to congratulate all my fellow classmates at Pratt.

It's been fun! I get to move on (and maybe get some sleep) and take with me many great friends and good memories. Someone once told me that we may not all be destined for fame and greatness, but we all will make a difference.

As we go on in life it's going to be really easy for us to take things (including ourselves) too seriously. So just remember humor and sarcasm reign supreme.

Smile is the universal language.

I had a really great time during these past three years. I know my good friends who care about me, and the good professors here.

Mom: Dad: Wendy: Love you more than you'll know.  
Everyone back home who just looked at me funny and smiled. Shouts: double nine-ten. "Buh-lee-dat-Nurbs".  
"Dammit, Becky." "Hee-Hee." "Not a Goddamn thing."  
"nut-syrian" "infamous" popeunholy@hotmail.com

Those who find ugly meanings in beautiful things are corrupt without being charming. This is a fault. Those who find beautiful meanings in the cultivated. For there is hope. They are the class to whom beautiful things mean only Beauty. Oscar Wilde.

THESE WERE MY LIGHTER DAYS I can carry all my friends along with me everywhere I go.

There are two types of people: the kind who jump in puddles and those who don't. Also, the most important things are the hardest to say because words diminish them. Stephen King said that. I agree.

For all of you I call friends, in one way or another you have contributed to my future. When we meet again I hope we share stories of success and triumph. Pratt will only be a memory.

For the last four years, I've been able to identify myself as a student, hard worker, fun hater, not straight, a young woman. I've also learned that I'm a teacher, a designer, a creative being and a friend. Peace out, Pratt!

One of my most memorable memories in this school is how I was overwhelmed when I came to this school and how much I grew in this school. I want to thank my parents and my family for the support they have given to me.

My time here at Pratt has been well spent. After graduation my hopes are to finally start living off the fruits of my labor and to become a KIDZ I RESERVE I'll put in my effort to be a good person and to bring out papers. One Love, One Life, One Mind, for one common cause...

In this journey I have learned that we are extraordinary people disciplined by our backbone and uplifted by our spirit. Sometimes we have to give ourselves what we wish we could get from others. Remember, we teach people how to treat us. Peace and Blessings.

All I ever wanted to do in life was to live in New York City, eat fried chicken seven days a week and make cartoons. I lived that dream. The memories are many. From Kappa Sigma to the Up Top Playerz. My years have not been wasted.

Eleven struck. You sighed. Well, I'm afraid there's nothing else of interest. You played Network Realizes the dial turned. Commercials were behatted. Faces flickered. An open mouth in mid-song was struck out. An imbecile with sideburns was about to use his gun.

Hi my name is the master of the universe and I would like to go supersayan.

Chocolate bars & light pink scars left in his wake. Our future life will be glorious. Come w/ me to future world.

Pratt is still one of the best places to grow as an artist.

"Becky: Good luck, Nuff! I am" - B and N I'd like to thank my family for their love and support. Shouts: greenport people • double nine-ten • daily stores • females.

"Great George. That's just what we need... Fat chicks telling us what to do."

NO COMMENT

"Out there things can happen and frequently do to people as brainy and forsy as you. And when things start to happen, don't worry. Don't stew. Just go right along. You'll start happening too." Dr. Seuss.  
Oh the places you'll go!

"Hello, people...Hello?"

I'm off to California!!

Oh my God, Whipped Cream! I LOVE WHIPPED CREAM!

I've had my best experiences with my best friends and Pratt gave me vision in my life. Wherever I go I will never forget the experience that I had in Pratt.

I spent my time at Pratt being a robot, and occasionally a turtle.

Living a soft life in a hard world.

Mom and Dad thanks for everything. Kay and Tom thanks for being there when I need you. You love you always. Justin Brian Ryan. Thanks to all of us, Allison, Ling and Ben thanks for making my last four years the best. Love ya. Thanks Glamour shots!

I like computers. I like rugby, Dimitri is man pretty.

Pratt will always be a large part of my memories. Some I will always cherish and others I would rather forget. To all my friends who have always been there for me, Thank You!

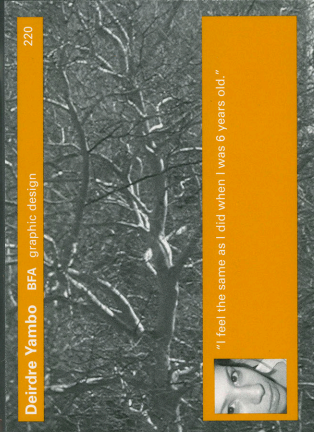

Hey baby wanna freak.

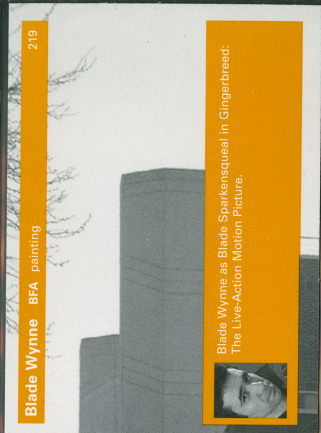

I always smile if I sleep well.

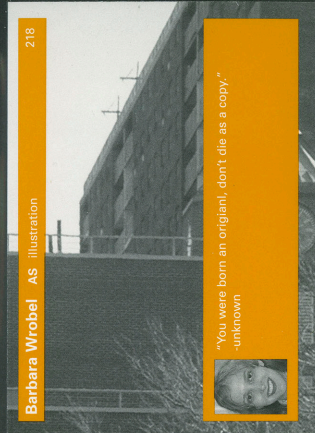

Well, seniors, we've done it all! We've pulled all-nighters, slept outside registration office, came in at 6am to hang up our work for survey, and held three jobs at a time so we could pay for art supplies. Maybe now we can finally get some sleep!

"I feel the same as I did when I was 6 years old."

Blade Wynne as Blade Sparkensqueal in Gingerbread: The Live-Action Motion Picture.

"You were born an original, don't die as a copy."

I really have no idea what's going on.
